

Sud Academy Update

April 2010

Welcome to the first edition of the Sud Academy Update for 2010! This past term, a team from London District Christian Secondary School visited Sud Academy. We hope you enjoy reading about their trip. To read more stories, please see their blog at www.sudtrip.blogspot.com

“Teacher Pete” warmly welcomed by Sud Academy students

“Four students and 2 teachers from LDCSS visited Sud Academy during the March Break for 11 days. We talked with the students, learned their stories, sat in on their classes and saw their needs and joy. The happiness and hope in the school was amazing. The students kept telling us that the school and us as sponsors had “brought them up” and given them a reason for life. They all talked about going back to Sudan and building their country. Sud Academy gives them a chance to do that and a place to belong and dream.”

...by Esther Schuurman, Grade 10 student at L.D.C.S.S.

“The trip was a beautiful experience in which we heard on a daily basis from both teachers and students how grateful they are for the support they receive from Canada. Some students confirmed that the lunch they receive at school is the only meal they eat each day. Others confessed they didn’t know where they’d be if it wasn’t for Sud Academy. We saw a community that goes to great lengths to take care of one another, a community full of needs and strong in faith.”

...by Christine Boer, teacher at L.D.C.S.S. and member of the Sud Academy Advisory Committee, the group of volunteers working under C.A.S.S. to raise the funds for Sud Academy.

Principal Mr. Ojok Bosco welcomes the team from Canada: Pete Minnesma, Christine Boer, Wil Schmor, Avery Kelly, Marijke Visser, Esther Schuurman

Sud Academy exists under the registered charity Canadian Aid for Southern Sudan (C.A.S.S.), a relief & development organization (BN 86394 8212 RR0001).
